

Building and Maintenance Ministry

If you have a knack for things mechanical, you may want to consider your hand in the Building and maintenance ministry at The River.

Under the leadership of Elder Luke Miller, assisted by Volunteers, This ministry is of vital importance to The River.

Whether you like to “build things”, “fix things”, “mow grass”, “work on buildings”, or just help wherever you can you might be interested in this ministry.

If you are, you’re in “good company” as you may have heard that Jesus was a carpenter.

See Brother Luke if you are interested in helping in this ministry.
